

var → ESS

let, const

we cannot  
re-assign

var vs let

global

{

block scope

}

Let  $a = \boxed{() \Rightarrow \{ \}}$   $\rightarrow$  arrow function

$a()$  

Rest operators / Rest parameters.

let a = function (a, b) { → parameters.

return (a + b)

}

[array.]

a(1, 2) → (1; ..... 1000)
